## Welcoming and Safeguarding Players with Disabilities Policy

April 24

The ECB is responsible for all cricket in England and Wales and has set out a clear vision to become, and remain, the world's leading Governing Body in providing access to cricket for disabled people. We are committed to ensuring cricket is open, and accessible, to all members of the community and they are supported to achieve their potential in any capacity whether as a player, employee, volunteer, coach or official. This principle applies regardless of, age, race, disability, ability, gender, religion or belief, sexual orientation or background. DTCC embraces this completely.

To support this commitment, the ECB have launched the One Game initiative. 'One Game' aims to widen the appeal of the sport and to ensure cricket welcomes as many people as possible into the game - regardless of background - and ensures opportunities within the game are open and accessible to all. Many children with disabilities or special needs can be welcomed into the game with a sensible approach that involves talking with the child and his or her parents about what their abilities are and what they may need some assistance or different arrangement with. Children with disabilities are children first, and need to enjoy opportunities and experiences open to all children in a safe environment.

For many children with a disability, parents and carers will be able to offer practical advice on adaptations or arrangements that can be made to enable their child to participate.

It is good practice to agree a support plan with the parents and the child, and to review this regularly. The club welfare officer should be involved in this process. It may be necessary or useful to involve the child and the parent / carer in the plan itself, if this will help meet the child's needs and allow them to participate.

Remember, many children may have hidden disabilities (or special needs) – such as an autistic spectrum disorder, or deafness, or another condition that is not obvious. DTCC Captains, Managers and Coaches need to be aware that Children with disabilities have particular vulnerability to abuse.

It is important during the registration process and welcome meeting that we offer the opportunity for parents to meet someone in private to discuss their child, if they would like to do so. This forms part of our 'Welcoming' approach for all children, including those with disabilities.
